

Schedule Adjustments

These proposed improvements to weekday commuter service came from customer feedback and Star service survey results, which polled current passengers on what improvements they would like to see in the Star's service.

RTA looked at a broad range of alternatives but had to narrow the extent of schedule changes to ensure bus connections could still be met at Riverfront Station.

We are unable to extend service fully to Lebanon due to connections between train and WeGo bus service in Nashville.

Below is a summary of possible schedule shifts RTA could implement. All of these options include removing the Friday night train service.

1

No Change to current weekday service.

2

Adjustments of between 5-15 minutes for morning trains to arrive earlier and afternoon trains to depart later.

3

Adjustments of between 5-30 minutes for morning trains to arrive earlier and afternoon trains to depart later, and the mid-day trips travel to Martha, rather than stopping at Mt. Juliet.

Please see adjusted schedules below. Each schedule contains the revised times, compared to the current schedule as well as minutes gained or lost at each timepoint.

Alternative 1 offers no change to the current weekday service schedule, except for the elimination of the Friday night train
